Solving

GOAL ORIENTED

The degree to which we push towards goals

1-10

Exceptionally
Flexible

11-25

Very
Flexible

26-50

Flexible

51-75

Focused

76-90

Very
Focused

91-100

Exceptionally
Focused

Multitasking, Process oriented instead of goal Oriented,
Spontaneous, and relaxed

Goal Oriented

STRESS TOLERANCE

The degree to which we respond to stress

1-10

Exceptionally
Reactive

11-25

Very
Reactive

26-50

Reactive

51-75

Resilient

76-90

Very
Resilient

91-100

Exceptionally
Resilient

Tends to respond in alert, concerned, attentive, or
excitable way. May experience workplace stress more than
others and often.

Alert and empathetic

CO-OPERATIVENESS

The degree to which we defer to others

1-10 Strong Challenger	11-25 Challenger	26-50 Challenger Negotiator	51-75 Adaptive Negotiator	76-90 Adapter	91-100 Supper Adapter
-------------------------------------	----------------------------	--	--	-------------------------	------------------------------------

Tends to shift between competitive and cooperative situations fairly easily, usually pushing for a "win-win" strategy. Works well either as a team member or as an independent. Independent, Skeptical, direct, self-interested, competitive, questioning, wants acknowledgment

Tends to be trusting and tolerant

CREATIVITY

The degree to which we are open to new experiences / new ways of doing things

1-10 Conservative preserver	11-25 Preserver	26-50 Flexible Preserver	51-75 Tentative explorer	76-90 Explorer	91-100 Adventurous explorer
--	---------------------------	---------------------------------------	---------------------------------------	--------------------------	--

Will consider new ways of doing something if convincing evidence is available. Not usually known for creativity or curiosity, but they can surface. May adopt and then expand upon a good idea from someone else. Appreciates both innovation and efficiency, but neither one to the extreme.

Likes novelty and variety but also practical

EXTRAVERSION

The degree to which we tolerate sensory stimulation from people/situations

1-10 Strong Introvert	11-25 Introvert	26-50 Introvert/ Ambivert	51-75 Extrovert/ Ambivert	76-90 Extrovert	91-100 Strong Extrovert
------------------------------------	---------------------------	--	--	---------------------------	--------------------------------------

Typically, is serious, skeptical, quiet, private person who may prefer writing to talking. Enjoys handling individual assignments without interruptions. Prefers work environment with very little sensory stimulation and away from the action. Private, reserved, serious, works alone, self-minimising, prefers writing

Prefers writing and email

PROBLEM SOLVING

The measure for ability to perform in a complex job

1-10 Can execute simple repetitive tasks	11-25 Excellent for executing well defined	26-50 Can Maintain existing systems	51-75 Average problem Solver	76-90 Good Problem Solver	91-100 Exceptional problem solver
---	--	---	--	---	---

Exceptionally good at designing and implementing procedures. Likely to question and try to improve the status quo.
